## Spring/Summer 2020 Project Fellowships Application

---

The *Honors Program Project Fellowships* initiative is in response to the dramatic loss of academic opportunities for students in sp/su 2020 as a result of the COVID-19 crisis. The objective is to help students learn while also helping to support them financially. More information is available at <https://honors.byu.edu>.

Fellowship applications will be evaluated on a rolling basis beginning April 22<sup>nd</sup> and continue until all fellowships are allocated. Students will be notified of their status beginning on April 24<sup>th</sup>. Preference will be given to students closer to graduation, students who have completed 200 level and above Honors courses, and by need.

Registration in HONRS 390R required sp, su, or sp/su terms (3.0-6.0 credits total). Credit is pass/fail.

After notification, students interested in team projects will have a chance to form teams by coalescing around preliminary project proposals from motivated students. Honors will facilitate this process.
