# REGISTRATION FOR HONRS 499R CREDIT- Spring/Summer

---

SEMESTER: \_\_\_\_\_ TERM: \_\_\_\_\_ YEAR: \_\_\_\_\_

By signing below, I request to be added to the specified number of Honrs 499R credits and confirm that I understand the following (please check each box):

- HONRS 499R **does not count** towards my Honors curriculum requirement.
- I am expected to work a **minimum of six hours per week** on my thesis per registered credit.
- Attached is a plan of what I will be working on during this term or semester. On the last day of the semester or term, I will submit to the Honors Program office a report of what I accomplished.
- I should **not** also register for 499R credit through my major department.
- My grade will be a "T" until I successfully defend my thesis, at which time my grade will be changed to a "P" (meaning Pass). **Honrs 499R credit does not receive a letter grade.**
- If for any reason I do not successfully complete and defend my honors thesis, my grade will remain a "T" on my transcript indefinitely. ("T" grades do not impact GPA.)\*
- Only a **total of 6.0 credits** may ever be registered for by students over their Honors career (whether in one term or in more terms combined).
