

LEADERSHIP DEVELOPMENT EXPERIENCE PROPOSAL

Each Honors student must participate in an approved leadership development experience (LDE) that will:

- Impact the community served, others, and yourself
- Develop you as an influential leader
- Demonstrate your ability to solve problems
- Provide opportunities to work effectively and collaboratively with an interdisciplinary team.
- Have measurable outcomes
- Be scoped appropriately. The project should require approximately **150 hours** of work on the part of the student and completed within 1-12 months.

Students may work through either an On or Off Campus Partner or have a Faculty Mentor. This Leadership Development Experience cannot be a church calling or assignment.

At the time of registering for the class, students will select the credit value for the course for that term! If the LDE project will be completed in that specific term, sign up for 3 credits. If the project lasts several terms, choose accordingly. You may select credit from 1 to 3.0 credits per term/semester.
